SUBJECT

: Questions Posed by Detachment A Personnel

- 1. The following questions were extracted from the Detachment A message which you read in my office on 9 August 1957:
  - A. What is the possibility of rejoining the service in an in ctive reserve or National Guard status while keeping accrued service time and other benefits accompanying a return to active duty?
  - B. What is the rank and promotion standing of each pilot if he returns to active duty in the AF?
  - C. Does Exchange Duty require a regular commission? Which raises the question, what is the status of regular commissions applied for?
  - D. For those re-entering AF, will it be possible to go back with a current green card?
  - F. What are the proposed 1958 and 1959 location of Century Series Fighter outfits by command, including Europe, if it is possible to return there?
- 2. It is requested that you furnish comments on the above items prior to our departure for the Detachment A area.
